

Epping Boys High School

Works notification

18 October 2022

Dear staff and parents/carers,

Further to the works notification below issued on 19 September 2022, works at Block 6 at Epping Boys High School were rescheduled to coincide with the construction program for the Science Lab upgrade which will start on 17 October 2022. Works will take place over two consecutive weekends, Saturday 22 October and Sunday 23 October and Saturday 29 October and Sunday 30 October 2022.

Thank you for your understanding.

Dear staff and parents/carers,

Upcoming maintenance works to upgrade Block 6 at Epping Boys High School will involve working with asbestos containing material in the flooring of Block 6 (rooms 6R0001, 6R0008 & 6R0037).

Work will take place during the upcoming school holidays between Saturday 1 October and Sunday 9 October 2022. All asbestos containing material will be removed outside of school hours.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
