

# Crabbes Creek Public School

## Works notification

8 September, 2022

### Building delivery, Crabbes Creek Public School

A temporary demountable toilet building is planned to be delivered to Crabbes Creek Public School on Monday, September 12.

Delivery of the building to the school will allow work to begin on repairing the school's permanent amenities building, which was damaged by floods in February and March. The work is part of repairs and refurbishment to flood damaged buildings and grounds at Crabbes Creek Public School.

Delivery is expected at 10am, with traffic management in place on Crabbes Creek Road from 9.30am.

### Rescheduled asbestos removal

Asbestos removal planned at Crabbes Creek Public School has been rescheduled to the morning of **Saturday, September 10**. All information provided in the Works Notification of August 29 remains the same.

.....

### Asbestos removal, Crabbes Creek Public School

Upcoming flood repairs and mould remediation work at Crabbes Creek Public School will involve removing asbestos containing material from the school's unoccupied administration building (Block A).

Work will take place Saturday, September 3. All asbestos containing material will be removed outside of school hours.

The bonded asbestos is contained in the wall linings and ceilings from the inside of the flood damaged school building within the construction zone at Crabbes Creek Public School.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff.

The area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
