

# Mullumbimby Public School

## Works notification

02 December 2022

School Infrastructure NSW and Public Works are managing the repair and remediation of buildings and grounds at Mullumbimby Public School that were damaged by flood waters in early 2022.

### Changes to Staff Parking for Summer Holiday Work

The staff parking area adjacent to B Block, will be closed off for use and become a construction exclusion zone starting from **Monday 5 December 2022**, in preparation for the roof drainage upgrade to building B. The exclusion zone can be seen in the map below outlined in red.

From **Saturday 19 December 2022**, a large part of the Mullumbimby Public School campus will become a construction exclusion zone. This exclusion zone is outlined in the below map by the pink lines.

Fences will be restored to their existing placement no later than **29 January 2023**.

The health, safety, and well-being of the school and the local community is our highest priority, and we will continue to keep the community updated.

Thank you for your patience while we undertake this important work.
